Children In School Publicity

At school we celebrate the efforts of our students by mentioning their participation in school events and their achievements throughout the year. Photos will appear in our newsletter, school website, local newspaper, displays up the street etc. We are seeking permission from parents/carers to include their child in any photo opportunities which may arise.

As part of Staff Professional Learning, videoing of their teaching practice will mean children in classrooms may appear in videos which would be shared with staff only. Therefore we seek your permission. Please complete the bottom section of this form to indicate your choices.

Please return the slip below before the end of February. If the signed form is not returned to school it will be assumed that you do not want your child to be appearing in any type of school publicity.
